Chapter 13: Fostering the Emergence of Literacy

Answer each question completely. You may work with other students but all answers need to be the student's individual work.

1. Children's ability to ____________ and ______________ will greatly affect their success in school.
2. What is emergent literacy?
3. What are some examples of early literacy development?
4. List the five strategies to help children develop literacy.
5. List the 6ix activities that support children who are learning to read and write in the primary grades.
6. Why is it important for families to read at home?
7. How can teachers show children that they value books?
8. How can teachers show young children how important writing can be?
9. Why is it important for children to have opportunities to write on their own?
10. How can teachers help children write their stories?
11. What are some ways to help group time go more smoothly?
12. What type of songs/activities should you include during group time?
