Chapter 2: Types of Programs
pg 40-48

Work in your groups to answer the following questions. Each person needs to turn in their own individual work.

1. What does DAP mean?
2. What are the 3 core components of DAP? Give an original example of each one.
3. What are the guidelines for DAP?
4. Do you think that DAP is a useful guide for teachers? Why or why not?
5. What are some of the factors that determine the types of childcare programs?
6. What are some advantages and disadvantages of having a classroom with mixed age children?
7. If you were a teacher, would you be interested in looping? Why or why not?
8. What are some features of nursery schools?
9. What is universal preschool?
10. What is the purpose of a child care center?
11. What is family child care? What are the advantages/disadvantages of family child care?
