A. Take a blank piece of paper and divide it into 3 sections. As you are watching the movie “Babies” you will take notes on your baby and fill in 5 or more examples for each section. The notes will be 10 points. Make sure that your writing is neat and legible. I will not be able to grade areas that I can not read.

1. Physical Development
   a. gross motor
   b. fine motor
2. Cognitive Development
3. Socio/Emotional Development

B. Answer the following questions in regards to the specific child you are observing while watching the movie “Babies.” You may turn in this section as a group. This section is 10 points.

1. Provide 3 examples of how your baby developed his/her:
   a. gross motor skills
   b. fine motor skills.

2. What were some environmental factors that helped your baby develop his/her language skills?

3. Did your baby come from a culture where infant directed speech was used? If so provide an example.

4. What category of temperament do you think your baby falls under? Give an example to prove your observation.

5. Give 1 example of Piaget's theory of cognitive development that you observed with your child. Some examples you can use: sensorimotor stage, object permanence, 6 substages in sensorimotor stage. Any observations related to Piaget’s theory.

6. Based on your observation, do you think that your child is living in a loving home and family? Give 3 examples to support your answer.
