2. Click **Register** under ‘Students’ on the CourseCompass home page.
3. Click **Next** on the Before You Start page.
4. Follow the instructions to register and enroll. You will be asked to:
   - Enter your course ID and click **Find Course**.

   - Type your grace period access code in the space provided.
   - Click **Next** and follow the instructions to complete the registration.
5. Review the Confirmation & Summary page and print the page for your records. Click **Log In Now** to enter your course.

To upgrade to full MyMathLab course access:

Before the grace period expires, you must upgrade your subscription to continue accessing your course. To do this, go to the **Grace Period Subscription Upgrade** page. You can upgrade your subscription either by paying with a credit card or PayPal account, or by entering the MyMathLab access code from the access kit you purchased at the bookstore.

1. Go to the **Subscription Upgrade** page: [http://www.mymathlab.com/grace-period-payment-page](http://www.mymathlab.com/grace-period-payment-page)
2. Choose your upgrade method:
   - **By using the code I got in my access kit**
   - **By paying with a credit card or PayPal account**
3. Follow the registration instructions.
   - Note: On the Access Information screen, be sure to select “Yes” under “Do you have a Pearson Education account?” and type in your MyMathLab login name and password.

What happens if I don’t upgrade before the end of the 21-day grace period?

If you do not upgrade your subscription within the 21-day grace period, your subscription will expire and you will not have access to your MyMathLab course. You may also lose access to other CourseCompass courses you are taking.

If you do not want to continue with your MyMathLab course, contact **Customer Technical Support** at [http://247pearsoned.custhelp.com](http://247pearsoned.custhelp.com) and ask to be removed from the course so you don’t lose access to your other CourseCompass courses.
